## **A Message from...**

### **the Chairman, Apprenticeship and Industry Training Board**

The Alberta Apprenticeship and Industry Training Board 1994-95 Annual Report highlights Board outputs and initiatives which address the provincial government's emphasis on efficiency, accountability and fiscal restraint. The Board is aware that, while industry would like to know how it performed in this respect, it is just as interested in the specifics: such as recommendations made by the Board to help maintain an effective and efficient apprenticeship and industry training system in the province; selected statistical outputs on the training system for comparative purposes; and information concerning key membership of the industry advisory network. This *Historical Overview of the Apprenticeship and Industry Training System* is designed to provide this type of information.

### **the Executive Director, Apprenticeship and Industry Training Division, Alberta Advanced Education and Career Development**

In partnership with the Alberta Apprenticeship and Industry Training Board, the department of Advanced Education and Career Development is pleased to submit this *Historical Overview of the Apprenticeship and Industry Training System*.

This document has been produced in an effort to encourage further communications between all the partners of Alberta Apprenticeship and Industry Training; namely, the Board, the department, employer and employee representatives and other stakeholders. Emphasis has been placed on providing an overview of the operations and outcomes as well as related statistical information on Alberta's apprenticeship and industry training system.

# **ALBERTA APPRENTICESHIP AND INDUSTRY TRAINING BOARD MEMBERSHIP, APRIL 1994 TO MARCH 1996**

## ***CURRENT MEMBERS***

### **JAKOB T. (JAKE) THYGESEN**

Mr. Thygesen is the current Chairman of the Alberta Apprenticeship and Industry Training Board. He was a member of the Board for a total of seven years, under both the *Manpower Development Act* and the *Apprenticeship and Industry Training Act*, before accepting the chairmanship in October, 1992. Mr. Thygesen's current term on the Board continues to December 31, 1997.

In addition to his work with the Board, Mr. Thygesen has been involved in various other organizations which focus on developing skilled tradespeople. Among these is the Canadian Labour Force Development Board (CLFDB). Mr. Thygesen, a founding member of the CLFDB, served on it from its inception until March of 1993. He also served on the National Task Force on Apprenticeship which preceded the CLFDB. Active in construction association work for most of his adult life, Mr. Thygesen is past Chairman of the Canadian Construction Association (CCA). He is also a past Chairman of the Trade Contractors Section of the CCA and of the Alberta Construction Association (ACA.).

Mr. Thygesen's community involvement includes over thirty years of participation with the Knights of Columbus, membership on the Alberta Lien Act Task Force, and membership on the Board of Governors and chairman of the Foundation of Newman Theological College in Edmonton. Mr. Thygesen is also a past President of the South Edmonton Rotary Club.

Born and raised in Denmark, Mr. Thygesen emigrated to Canada in 1951. After a brief career in farming, he turned to the construction industry and after apprenticing became a Journeyman Plumber and Gasfitter. Since his apprenticeship, he has worked for Fuller and Knowles Inc. and its companies out of Edmonton, eventually becoming the Chairman of the Board. Mr. Thygesen is now retired from active business. Mr. Thygesen is married with four children and nine grandchildren.

### **LAWRENCE W. BATES**

Mr. Bates represents employers in the designated trades on the Board. He was appointed to the Board in September 1995 for an initial term of sixteen months until December 31, 1996.

Mr. Bates has over thirty years of experience in the automotive industry. Fourteen of these years were with General Motors of Canada. Mechanical Training Instructor, District Service Manager and Supervisor of Customer Services were among the range of positions he held while working with General Motors. Mr. Bates also worked for seven years in various management positions with Jack Carter Chev Olds Cadillac in Calgary. Positions included Service Manager, Lease Department Manager and New Vehicles Sales Manager. Mr. Bates opened Stadium Nissan Inc. ten years ago in Calgary and is currently the President of the company.

**ALBERTA APPRENTICESHIP AND INDUSTRY TRAINING BOARD**  
**MEMBERSHIP, APRIL 1994 TO MARCH 1996**  
**(Continued)**

Mr. Bates has also been an active member of many organizations related to the automotive industry and the community at large. He is currently the President of the Automotive Regional Training Association and a past Director of the Motor Dealers Association of Alberta. He is also a Director of the Calgary Better Business Bureau, a member of the Calgary Chamber of Commerce and a member of the Rotary Club of Calgary. He has also been Chairman of the Nissan Dealer Performance Group and Chairman of the Nissan Canada Dealer Council, President of the Calgary Motor Dealers Association in 1993 and Chairman of the Calgary International Auto and Truck Show in 1994.

Mr. Bates was born in North Battleford, Saskatchewan, attended school in Edmonton and took two years of Industrial Education at the University of Calgary after graduating from Strathcona Composite High School in Edmonton. Mr. Bates currently lives in Calgary with his wife Karen. Their two sons are also involved in the automotive industry in Calgary.

**BRIAN G. BICKLEY**

Mr. Bickley was appointed to the Alberta Apprenticeship and Industry Training Board in September 1995. His term continues until December 31, 1996. He represents employers in occupations other than the designated trades.

Mr. Bickley has had thirty years experience in industry. Previously employed by the Steel Company of Canada and Texaco over a nineteen-year period, he has since been employed by Syncrude Canada Ltd. During his time at Syncrude, he has held many positions including: Instrument Supervisor, Shutdown Manager and Maintenance Manager. He is currently Syncrude's Industrial Relations Manager.

He holds certificates in Industrial Instrumentation, Watchmaking and a certificate of Adult Continuing Education from the University of Alberta. He has also attended management programs at both University of Western Ontario and Queens University.

Mr. Bickley has been active with the Board in various initiatives such as the 50th Anniversary Celebration of Apprenticeship and as the Chairman of the Advanced Business Certificate for Journeyman Program Committee.

**JOHN BRIEGEL**

Mr. Briegel has represented employees in the designated trades since July 1991, initially under the *Manpower Development Act* and then under the *Apprenticeship and Industry Training Act*. Mr. Briegel is appointed until December 31, 1997.

**ALBERTA APPRENTICESHIP AND INDUSTRY TRAINING BOARD**  
**MEMBERSHIP, APRIL 1994 TO MARCH 1996**  
**(Continued)**

Mr. Briegel has worked as a Business Manager with the International Brotherhood of Electrical Workers (I.B.E.W.) since the fall of 1992. He spent fourteen years as Assistant Business Manager with Local 254 of the I.B.E.W. prior to assuming his current position. During all of this time, Mr. Briegel was active in the Electrician trade apprenticeship program, both as a Provincial Apprenticeship Committee member and as a Local Apprenticeship Committee member in Calgary. In addition to being an Apprenticeship and Industry Training Board member, he is an executive board member of the Alberta & NWT (District of McKenzie) Building and Construction Trades Council as well as a Vice-President of the Southern Alberta Building Trades Council. Mr. Briegel is a former Secretary of the Joint Education Committee of the Electrical Industry Education Trust Fund of Southern Alberta and as such was responsible for developing, presenting and coordinating various continuing education programs for the unionized electrical industry in southern Alberta.

Mr. Briegel and his family live in Calgary.

**WILLIAM A. (BILL) BUSSING**

Mr. Bussing was appointed to the Board in December 1995 for an initial term continuing until December 31, 1996. He represents employers of designated trades.

Mr. Bussing has 25 years experience in the construction industry, primarily in relation to electrical work, but lately also including instrumentation and general construction activity. He has been Branch Manager for a number of electrical contractors where he was actively involved in the recruitment and training of electricians through apprenticeship and advancements to supervisory positions such as foremen and superintendents. Mr. Bussing is currently General Manager, Electrical and Automation Services for Flint Canada Inc.

Mr. Bussing was educated at Montana State University where he received a degree in Electrical Engineering and a Master's degree in Economics. He is a registered Professional Engineer and a member of A.P.E.G.G.A. since 1975.

Mr. Bussing is active in a number of industry organizations including the Merit Contractors Association, Alberta Construction Association and the Construction Owners Association of Alberta. He is past president of the Edmonton chapter and former Board member of the Electrical Contractors Association of Alberta.

His community involvement includes serving as a coach, manager or board member for minor sports associations for baseball, hockey, ringette, soccer and lacrosse. Mr. Bussing resides in Calgary with his wife, Marnie, and their three children.

**BETTY COCHRANE**

Ms. Cochrane represents employers in the trades on the Alberta Apprenticeship and Industry Training Board. She was appointed in September 1995 for a period until December 31, 1996.

**ALBERTA APPRENTICESHIP AND INDUSTRY TRAINING BOARD**  
**MEMBERSHIP, APRIL 1994 TO MARCH 1996**  
**(Continued)**

Ms. Cochrane obtained a Journeyman's certificate in the Partsman trade during her 13 year employment in the lumber manufacturing industry. Prior to this, she was employed for 5 years in the freight/manufacturing industry. She is currently self-employed in the high technology field.

Ms. Cochrane has a proven record of commitment to industry training and recognizes and actively promotes the importance of a skilled workforce. In this capacity, she has served on a number of boards relating to this interest.

**JAMES (JIM) COURTNEY**

Mr. Courtney represents employers in the designated trades on the Alberta Apprenticeship and Industry Training Board. Mr. Courtney has been a board member since July 1991, initially under the *Manpower Development Act* and, since January 1, 1992, under the *Apprenticeship and Industry Training Act*. His current term continues until December 31, 1997.

He serves on various board subcommittees and monitors Provincial Apprenticeship Committee meetings. Mr. Courtney has apprenticed and obtained Alberta Trade Certificates as a Welder, Machinist, and Tool and Die Maker. The Apprenticeship system is important to Mr. Courtney as he owns and is President of Courtney Berg Industries, a metal fabricating business which employs Journeymen and indentured apprentices. As well as serving on the Alberta Apprenticeship and Industry Training Board, Mr. Courtney is on the Board of Directors of the Prairie Implement Manufacturers Association.

Mr. Courtney makes his home in Linden, Alberta with his wife and three sons. He has a strong commitment to his family and community.

**MARKUS JENNI**

Mr. Jenni was appointed to the Alberta Apprenticeship and Industry Training Board in January 1993. He represents employees in occupations other than the designated trades. His current term continues until December 31, 1998.

Mr. Jenni's career in the culinary field started in 1973 when he became an apprentice cook in Basel, Switzerland. After successful completion of his apprenticeship, Mr. Jenni worked as a cook and chef in various hotels and resorts in Switzerland. He then moved to Montreal in 1981 to become a Chef and subsequently Banquet Chef overseeing the production for all 22 restaurants at Montreal's Queen Elizabeth Hotel. Mr. Jenni has worked as an Executive Chef for the Hilton Hotels chain since 1984.

**ALBERTA APPRENTICESHIP AND INDUSTRY TRAINING BOARD**  
**MEMBERSHIP, APRIL 1994 TO MARCH 1996**  
**(Continued)**

Mr. Jenni has trained apprentices for the past eight years and is currently a judge for the practical exams for Cook apprentices. He is also an examiner for the Certified Chef de Cuisine course at the Canadian Culinary Institute and a member of the Northern Alberta Institute of Technology advisory committee. He has held positions of Education Chairman for the local branch of the Canadian Federation of Chefs De Cuisine and Board member of the Alberta Tourism Education Council (ATEC). Mr. Jenni's involvement in culinary competitions across Canada, the United States and Europe has earned him several gold and silver medals. He has been a member of the team representing Alberta at the Culinary Olympics since 1988, and was chosen as Manager of this team for the 1992 Culinary Olympics in Frankfurt, Germany. He is currently the Executive Chef for the Crowne Plaza Holiday Inn hotel.

Mr. Jenni, his wife, Katharina, and two children, Noamie and Dominik, have lived in Edmonton since 1988.

**A. MCLEAN (MAC) MILLAR**

Mr. Millar represents employers in occupations other than the designated trades. Mr. Millar has been an active board member since July 1991, initially under the *Manpower Development Act* and, since January 1, 1992, under the *Apprenticeship and Industry Training Act*. His current term on the Board continues to December 31, 1997.

Mr. Millar's varied career has included cement and concrete manufacturing and directing vehicle and mobile equipment maintenance operations for the City of Calgary. He is currently involved in the refrigeration and food equipment industry. Mr. Millar is a strong proponent of a professional and organized approach to plant, equipment and building maintenance. As such, he recognizes the necessity of a well-trained work force, and believes the Alberta apprenticeship program supports this objective.

Mr. Millar was born in Scotland and attended school in Edinburgh. He graduated from Cambridge University with honours in Mechanical Sciences, and obtained a diploma in Business Management from Brunel University in London, England, before coming to Canada in 1968.

**ROSE SIMPSON**

Mrs. Simpson was appointed to the Alberta Apprenticeship and Industry Training Board in January 1995. Her current term continues until December 31, 1998. She represents employees in occupations other than the designated trades on the Board.

She is a strong proponent of apprenticeship training and has apprenticed and obtained an Interprovincial Journeyman Carpenter certificate. She also has a certificate in Building Technology from the Northern Alberta Institute of Technology (NAIT) as well as a Level 1 Building Inspection Diploma Certificate. Mrs. Simpson believes that apprenticeship training can be very rewarding. She feels that her own formal training at NAIT has provided her with the background and skills to run her own successful contracting business.

**ALBERTA APPRENTICESHIP AND INDUSTRY TRAINING BOARD**  
**MEMBERSHIP, APRIL 1994 TO MARCH 1996**  
**(Continued)**

Mrs. Simpson's community work includes serving as a School Trustee on the Board of Education for the County of Beaver No. 9, and as a Library Trustee for the Town of Tofield, Alberta.

Born and raised in rural Alberta, Mrs. Simpson now resides in Edmonton and is married with two children. Her husband is a certified journeyman Electrician and her son is a fourth year indentured apprentice in the Electrician trade.

**DOUGLAS SMITH**

Mr. Smith was appointed to the Board in December 1995. His initial term continues to December 31, 1996, representing the employees of designated trades.

Mr. Smith has over 30 years experience in industry having completed his apprenticeship as a Machinist in Scotland in 1969. After spending 8 years during the 1970s, working in manufacturing and maintenance engineering in Southern Africa, he arrived in Calgary in 1978.

During the 18 years he has resided in Calgary, Mr. Smith has worked for Acro Machine and Fabrication as a Machinist and General Foreman and also instructed in the Theory and Practice of Machine Shop Technology for the Mechanical Engineering department at the Southern Alberta Institute of Technology. From 1982 until the present time, he has been employed at NOVA Corporation, working in the Facilities Maintenance department of the NOVA Gas Transmission division, where he is presently Team Leader. He is responsible for a team of twenty multi-skilled technicians that provide maintenance and repair to over 20,000 kms of pipeline and 50 compressor stations in the NOVA pipeline system.

Mr. Smith was born in Paisley, Scotland where he attended Camphill Senior Secondary school and the Reid Kerr Institute of Technology attaining City and Guilds of London Certification in the trades of Machinist and Millwright (1965/69) followed by certification in Engineering Technology (1968/70). Mr. Smith currently resides in Calgary with his wife, Maureen, and their two sons, Gavin and Colin.

**JACK STRAUSE**

Mr. Strause represents employees in the designated trades on the Alberta Apprenticeship and Industry Training Board. Mr. Strause has been an active board member since July 1991, initially under the *Manpower Development Act* and, since January 1, 1992, under the *Apprenticeship and Industry Training Act*. His current term continues until December 31, 1997.

He was appointed to the Board on the strength of nominations by both the Edmonton Association of Sheet Metal and Air Conditioning Contractors and the Independent Air Handlers Employees Association.

# **ALBERTA APPRENTICESHIP AND INDUSTRY TRAINING BOARD MEMBERSHIP, APRIL 1994 TO MARCH 1996**

**(Continued)**

Active in construction association work during most of his twenty year career in the sheet metal construction industry, Mr. Strause is a past President of the Edmonton Association of Sheet Metal and Air Conditioning Contractors, and a past President of the Sheet Metal Contractors Association of Alberta.

Mr. Strause currently works as an estimator and project coordinator for Alpine Heating Ltd. of Edmonton. He holds an Interprovincial Journeyman Certificate in the Sheet Metal Worker trade acquired through formal training at the Northern Alberta Institute of Technology. Following his fourth year training, Mr. Strause participated in Hamilton as a provincial finalist at the Canadian Sheet Metal Competition.

## **RONALD (RON) TOWNSEND**

Mr. Townsend has represented the interests of employees in the designated trades since October 1990, initially under the *Manpower Development Act* and, since January 1, 1992, under the *Apprenticeship and Industry Training Act*. Mr. Townsend was an employee representative on the Steamfitter-Pipefitter Local and Provincial Apprenticeship Committees for six years prior to his appointment to the Board. His current term on the Board continues to December 31, 1996.

Mr. Townsend has had over twenty years of experience in the delivery and administration of journeyman and apprentice training. He is currently the Training Coordinator with the United Association of Journeyman and Apprentices of the Plumbing and Pipefitting Industry of the United States and Canada, Local Union 488; and he administers the Edmonton Pipe Trades Joint Apprenticeship Training Fund. In addition, Mr. Townsend brings experience to the Board as a construction foreman and superintendent, a Pipe Trades instructor at the Northern Alberta Institute of Technology and as a Training Coordinator with the Occupational Health and Safety Inspection Branch of the Department of Labour.

Mr. Townsend compliments his apprenticeship activities as a Labour representative on the Minister's Occupational Health and Safety Council, Chairman for the Board of the Metal Fabricating Health and Safety Association, and President of the Western Apprenticeship coordinators Association (Alberta). He is also active on the boards of Skills Canada (Alberta) and the Alberta Congress Board.

Mr. Townsend believes strongly in the Apprenticeship culture and is an employee advocate for the formation of partnerships such as joint employer/employee committees in training and occupational safety.

**ALBERTA APPRENTICESHIP AND INDUSTRY TRAINING BOARD**  
**MEMBERSHIP, APRIL 1994 TO MARCH 1996**  
**(Continued)**

**PAST MEMBERS**

**MARIUS (MAC) J. V. BOURASSA**

Mr. Bourassa was appointed as an employer representative to the Alberta Apprenticeship and Industry Training Board in January 1993. He was a member of the Board until December 31, 1995.

Mr. Bourassa has close to thirty years of experience in the Building Construction industry as a project manager and superintendent. He is currently a Vice President with PCL Construction, with responsibility for the Edmonton office and the company's building operations in Northern Alberta. Mr. Bourassa is also involved in a variety of construction related associations and committees. He is currently the Alberta Construction Association's Apprenticeship Committee Chairman. He is also Co-Chairman of the Merit Contractors Association Legislation Committee and a director on the Edmonton Downtown Development Corporation. Mr. Bourassa also sits on the advisory committee for Northern Alberta Institute of Technology's Civil Engineering Technology program.

Mr. Bourassa has been on the executive of several construction related boards and associations in the past. These include the Calgary Contractors Association, the Saskatchewan Contractors Association, the Saskatchewan Construction Labour Relations Association; the City of Regina Parks and Recreation Board and the General Contractors Association of Saskatchewan. He was also an advisory committee member for the University of Calgary's Construction Management Development Program. Mr. Bourassa holds an Interprovincial Journeyman Carpenter certificate and a diploma in Architectural Technology. He has also completed numerous other education and training programs, including the Banff Centre's Executive Development Program.

**CAL W. BROADHURST**

Mr. Broadhurst has represented employees in the designated trades since July 1991 under the *Manpower Development Act* and, since January 1, 1992, under the *Apprenticeship and Industry Training Act*. He was nominated by the Millwright Local Union 1975 and the Calgary Building Trades Council. Prior to his appointment to the Board Mr. Broadhurst was a Provincial and Local Apprenticeship Committee member. He was a member of the Board until December 31, 1995.

Mr. Broadhurst's wide-ranging career has included positions as a Training Instructor, Millwright, Welder and Recreation Supervisor. As a Training Instructor, he taught courses throughout Canada and internationally in Preventative Industrial Maintenance, Pumps and Compressors, Alignments, Vibration Analysis, Welding and Rigging. He has also put his qualifications as an Alberta Journeyman Millwright (with an Interprovincial Red Seal) and Welder (First Class) to use in a variety of mechanical installations and equipment maintenance related positions.

Mr. Broadhurst has also worked as a Recreation Supervisor for the City of Calgary. Mr. Broadhurst has supplemented his Millwright apprenticeship training (through Southern Alberta Institute of Technology and Northern Alberta Institute of Technology) with a variety of other

**ALBERTA APPRENTICESHIP AND INDUSTRY TRAINING BOARD**  
**MEMBERSHIP, APRIL 1994 TO MARCH 1996**  
**(Continued)**

Millwright and Welding related courses as well as courses in mini and micro computers and First Aid. Mr. Broadhurst attended Boise State University in Boise, Idaho and the University of Calgary.

His community involvement includes President for the University of Calgary's 5th Quarter Alumni Association, Union Apprenticeship Chairman, Board member on the Cochrane and District Recreation Board, and Director of the Wild Horse Racers Association. He is involved in a variety of sports ranging from flag football, racquetball and rugby to steer wrestling, wild horse racing and wild cow milking. His hobbies include with the Gun Fighters Western Stunt Club, metal sculpting, wood working and photography.

**CAROL ANN GENDREAU**

Ms. Gendreau represented employers in the designated trades on the Alberta Apprenticeship and Industry Training Board from October 1990 to March 1995, initially under the *Manpower Development Act* and subsequently under the *Apprenticeship and Industry Training Act* from January 1, 1992.

Ms. Gendreau served on both Local and Provincial Apprenticeship Committees for the Hairstylist trade for over ten years prior to becoming a Board member. Ms. Gendreau also served on the Hairstylists interprovincial qualification subcommittee and the subcommittee to provide feedback on the *Apprenticeship and Industry Training Act*. She also served as a member of the Hair Arts and Sciences judging program.

Ms. Gendreau is a Hairstylist by trade. Having come through the apprenticeship system, Ms. Gendreau is a strong promoter of apprenticeship and has always employed at least one apprentice. As an active member of her community, Ms. Gendreau also served on the Canadian Mental Health Association and the Fort McMurray Downtown Business Revitalization program.

Ms. Gendreau was born in Montreal. She is the mother of three children and a proud grandmother of four grandchildren.

**ALICE MCKAY**

Mrs. McKay served on the Alberta Apprenticeship and Industry Training Board from February 1993 to December 1994. She represented employees in occupations other than the designated trades on the Board.

In addition to being a member of the Board, Mrs. McKay was involved in a variety of other committees and community related activities. She has been an active member of her local community association since 1961 and has also been involved in the Rural Crime Watch program for the past ten years. Mrs. McKay is currently President of the local chapter of Rural Crime Watch. She has also been involved with the Victim's Assistance Program for over two years and has been a member of the Social Assistance Appeal Board since October 1992.

**ALBERTA APPRENTICESHIP AND INDUSTRY TRAINING BOARD**  
**MEMBERSHIP, APRIL 1994 TO MARCH 1996**  
**(Continued)**

Mrs. McKay has worked for the County of Grande Prairie as a school bus driver since 1970 and has been employed with the Beaverlodge RCMP detachment since 1985. Together with her husband, she runs a farm and operates a local road maintenance business.

Mrs. McKay was born and raised in Wetaskiwin, Alberta and moved with her husband to the Peace River country in 1961. She and her husband have two children and one grandchild.

**VERNON (VERN) SCHMULAND**

Mr. Schmuland served as a representative of employers in occupations on the Alberta Apprenticeship and Industry Training Board from January 1994 to March 1995.

Mr. Schmuland has had close to 30 years in industry in various management positions. He is currently Senior Advisor, Human Resources at Petro Canada's Edmonton refinery. He has been on the Executive of several employer association boards. This includes the Human Resources Board for the Coal Association of Canada and the Yellowhead Human Resources Association. He was Vice President of the Big Brothers and Big Sisters Association in Hinton, Alberta. He was also an advisory committee member for the Yellowhead Regional Educational Consortium.

Mr. Schmuland holds a B.Sc. in Human Resource Management. In addition, he has completed numerous other education and training programs, including the Queen's Executive Development Program and the Management Development Program at the University of Alberta.

**ALLAN (AL) WHEELER**

Mr. Wheeler represented employers in the designated trades on the Alberta Apprenticeship and Industry Training Board to June 30, 1995. He is a past Presiding Officer of the Board and was an active Board member under both the *Manpower Development Act* and the *Apprenticeship and Industry Training Act* since 1987. In addition to participating in Board meetings, Mr. Wheeler monitored Provincial Apprenticeship Committee meetings and served on various Board subcommittees, including the 50th Anniversary Celebrations subcommittee.

Born and educated in Ontario, Mr. Wheeler worked in the mining and logging industries and obtained his interprovincial certificates as a Motor Mechanic and a Heavy Duty Mechanic while in Ontario. He moved to Alberta and purchased a farm south of Mayerthorpe in 1979. Mr. Wheeler currently operates his own business from his home. Being a tradesperson himself, Mr. Wheeler is very interested in all aspects of developing skilled tradespeople. Mr. Wheeler's community involvement includes that of Boy Scouts leader and equipment manager for minor hockey.

Mr. Wheeler is married with two sons, both of whom are indentured apprentices in the Automotive Service Technician trade.

	Recommended new training initiative called Day Release (Weekly Apprenticeship Training), to be delivered at the Southern Alberta Institute of Technology.	Accepted
	Recommended record book changes to be consistent with the Apprenticeship Program and Certificate Recognition Regulation 1/92.	Accepted
	Recommended trade regulation with no substantive changes.	Accepted

<b>Provincial Apprenticeship Committee (Continued)</b>	<b>Provincial Apprenticeship Committee Topic / Recommendation (Continued)</b>	<b>Board Action (Continued)</b>
Boilermaker	Recommended trade regulation with change in journeyman/apprentice ratio.	Accepted
	Recommended course outline with changes in delivery time and an increase in costs.	Approved in principle pending arrangement of funding. (Training is now offered as recommended by the Provincial Apprenticeship Committee).
	Recommended record book (blue book) with no substantive changes.	Accepted
	Recommended appointment of Presiding Officer.	Accepted
	Recommended draft trade amendment regulation with substantive changes, including changes in educational requirements.	Accepted
Bricklayer	Recommended trade regulation with no substantive changes.	Accepted
	Recommended record book (blue book) with no substantive changes.	Accepted
Cabinetmaker	Recommended appointment of Presiding Officer.	Accepted
	Recommended record book changes to be consistent with the Apprenticeship Program and Certificate Recognition Regulation 1/92.	Accepted
	Recommended trade regulation with substantive changes.	Accepted
Carpenter	Inform the Carpenter Provincial Apprenticeship Committee of the results of the Registered Apprenticeship Program (RAP) evaluation.	Accepted
	Recommended draft trade regulation with 2:1 journeyman/apprentice ratio.	Alternative recommendation of 1:1 ratio, except for industrial sites where it will be a 2:1 ratio.
Communication Electrician	Recommended trade regulation with a change in entrance requirements.	Accepted
	Recommended record book with substantive changes.	Accepted
	Recommended appointment of Presiding Officer.	Accepted
Concrete Finisher	Recommended course outline changes with a decrease in delivery time.	Accepted
	Recommended appointment of Presiding Officer.	Accepted
	Recommended change of trade name to "Concrete Finisher".	Accepted
	Recommended trade amendment regulation to reflect trade name change.	Accepted
Cook	Recommended appointment of Presiding Officer.	Accepted
	Recommended record book changes to be consistent with the Apprenticeship Program and Certificate Recognition Regulation 1/92.	Accepted
	Recommended trade regulation with no substantive changes.	Accepted
Electrical Rewind Mechanic	Recommended trade regulation with no substantive changes.	Accepted
	Recommended course outline changes with no additional costs or increase in delivery time.	Accepted
Electrician	Recommended trade regulation with changes in journeyman/apprentice ratio.	Accepted
	Recommended record book (blue book) with no substantive changes.	Accepted
Electronic Technician	Recommended trade regulation with no substantive changes.	Accepted
	Recommended appointment of Presiding Officer.	Accepted
Elevator Constructor	Recommended appointment of Presiding Officer.	Accepted

<b>Provincial Apprenticeship Committee (Continued)</b>	<b>Provincial Apprenticeship Committee Topic / Recommendation (Continued)</b>	<b>Board Action (Continued)</b>
Elevator Constructor (Continued)	Recommended record book which includes recording the Canadian Elevator Improver Education Program modules.	Accepted
	Recommended change in training standard to accept the Canadian Elevator Improver Education Program exam as a provincial exam for final period apprentices.	Accepted
	Recommended change in training standard to accept Canadian Elevator Improver Education Program or National Elevator Improver Education Program training as equivalent of the Alberta apprenticeship program.	Accepted
Floorcovering Installer	Recommended trade regulation with a change in trade name.	Accepted
	Recommended course outline changes with no additional costs or increase in delivery time.	Accepted
Gasfitter	Recommended appointment of Presiding Officer.	Accepted
	Recommended Steamfitter-Pipefitter & Plumber apprentices who successfully complete their combined apprenticeship program receive a Gasfitter (2nd class) certificate.	Accepted
	Recommended trade regulation in which Steamfitter-Pipefitter & Plumber apprentices are deemed to be Gasfitter (2nd class) apprentices.	Accepted
	Recommended course outline changes with no additional costs or increase in delivery time.	Accepted
	Recommended record book (blue book) with no substantive changes.	Accepted
Glassworker	Recommended trade regulation with no substantive changes.	Accepted
Hairstylist	Recommended appointment of Presiding Officer.	Accepted
	Recommended that manicuring, pedicuring, and retailing of professional salons be added to schedule 2 of trade regulation.	Alternative recommendation: Hairstylist Provincial Apprenticeship Committee to pursue designation of esthetician as a designated occupation.
	Recommended trade amendment regulation which states that all individuals certified under the previous Hairstylist trade names are to be recognized as certified Hairstylists.	Accepted
Heavy Equipment Technician	Recommended trade regulation with a change in trade name and in educational requirements.	Accepted
	Recommended approval in principle of the John Deere Training proposal.	Approved in principle as a pilot project for four years. John Deere will assume costs over regular Heavy Equipment Technician program and if a specific class is not filled to capacity, non-John Deere apprentices can attend.
	Recommended trade amendment regulation with a change in educational entrance requirements.	Accepted
Instrument Mechanic	Recommended trade regulation with a change in entrance requirements.	Accepted

<b>Provincial Apprenticeship Committee (Continued)</b>	<b>Provincial Apprenticeship Committee Topic / Recommendation (Continued)</b>	<b>Board Action (Continued)</b>
Insulator	Recommended draft trade regulation with 2:1 journeyman/apprentice ratio.	Alternative recommendation of 1:1 ratio.
Ironworker	Recommended trade regulation with changes in journeyman/apprentice ratio.	Accepted
	Recommended course outline in principle, which includes Ironworker - Metal Building Systems Erector training.	Approved in principle with the exception that First Aid Training will be included for two years only. A complete review of the training program to be conducted after two years.
	Recommended draft record book (blue book), in principle, which includes Ironworker - Metal Building Systems Erector.	Accepted
Landscape Gardener	Recommended trade regulation with no substantive changes.	Accepted
	Recommended appointment of Presiding Officer.	Accepted
	Recommended record book (blue book) with no substantive changes.	Accepted
Machinist	Recommended record book with no substantive changes.	Accepted
Millwright	Recommended appointment of Presiding Officer.	Accepted
Motorcycle Mechanic	Recommended trade regulation with no substantive changes.	Accepted
	Recommended record book with no substantive changes.	Accepted
	Recommended trade amendment regulation with no substantive changes.	Accepted
	Recommended course outline changes with no additional costs or increase in delivery time.	Accepted
Painter and Decorator	Recommended course outline changes with no additional costs or increase in delivery time.	Accepted
	Recommended trade regulation with 2:1 journeyman/apprentice ratio.	Alternative recommendation of 1:1 ratio.
	Recommended appointment of Presiding Officer.	Accepted
	Recommended record book (blue book) with no substantive changes	Accepted
Partsman	Recommended trade regulation with no substantive changes.	Accepted
	Recommended course outline with no substantive changes.	Accepted
	Recommended appointment of Presiding Officer.	Accepted
Plasterer	Recommended redesignation to an occupation.	Accepted
	Recommended occupation regulation.	Accepted with modification.
Plumber	Recommended Steamfitter-Pipefitter & Plumber apprentices who successfully complete their combined apprenticeship program receive a Gasfitter (2nd class) certificate.	Accepted
	Recommended trade regulation with change in journeyman/apprentice ratio.	Accepted with modification.
	Recommended record book (blue book) with no substantive changes.	Accepted
	Recommended course outline, in principle, with no additional costs or increase in delivery time.	Accepted
	Recommended trade amendment regulation with a change in entrance requirements.	Accepted
Power Lineman	Recommended appointment of Presiding Officer.	Accepted

<b>Provincial Apprenticeship Committee (Continued)</b>	<b>Provincial Apprenticeship Committee Topic / Recommendation (Continued)</b>	<b>Board Action (Continued)</b>
Power System Electrician	Recommended trade regulation with no substantive changes.	Accepted
Printing and Graphic Arts Craftsman	Recommended appointment of Presiding Officer.	Accepted
	Recommended Pre-press, Press and Bindery course outlines with substantive changes to all three, but no increase in costs.	Accepted
	Recommended record book changes to be consistent with the Apprenticeship Program and Certificate Recognition Regulation 1/92.	Accepted
	Recommended trade regulation with change in educational requirements and term of apprenticeship.	Accepted
Recreation Vehicle Mechanic	Recommended trade regulation with a change in work experience hours.	Accepted
	Recommended course outline changes with an increase in the program to eight weeks of training in the second period, with additional costs.	Approved in principle, pending arrangement of funding. (Training is now offered as recommended by the Provincial Apprenticeship Committee).
Refrigeration and Air Conditioning Mechanic	Recommended trade regulation with no substantive changes.	Accepted
	Recommended course outline changes with no additional costs or increase in delivery time.	Accepted
	Recommended trade regulation with no substantive changes.	Accepted
Roofer	Recommended course outline changes with no additional costs or increase in delivery time.	Accepted
	Recommended record book with no substantive changes.	Accepted
Sawfiler	Recommended appointment of Presiding Officer.	Accepted
	Recommended trade regulation with no substantive changes.	Accepted
Sheet Metal Worker	Recommended course outline changes with no additional costs or increase in delivery time.	Accepted
	Recommended trade regulation with no substantive changes.	Accepted
Sprinkler Systems Installer	Recommended appointment of Presiding Officer.	Accepted
	Recommended trade regulation with a change in educational and entrance requirements.	Accepted
Steamfitter - Pipefitter	Recommended course outline changes with no additional costs or increase in delivery time.	Accepted
	Recommended Steamfitter-Pipefitter & Plumber apprentices who successfully complete their combined apprenticeship program receive a Gasfitter (2nd class) certificate.	Accepted
	Recommended draft trade regulation with a change in educational requirements and journeyman/apprentice ratio.	Accepted on condition that guidelines for defining residential, commercial and industrial sectors be developed.
	Recommended trade amendment regulation with a change in educational requirements.	Accepted
	Recommended record book (blue book) with no substantive changes.	Accepted

<b>Provincial Apprenticeship Committee (Continued)</b>	<b>Provincial Apprenticeship Committee Topic / Recommendation (Continued)</b>	<b>Board Action (Continued)</b>
Structural Steel and Plate Fitter	Recommended trade regulation with a change in trade name.	Accepted
	Recommended course outline to be implemented February 1, 1996, with no additional costs or increase in delivery time.	Accepted
	Recommended appointment of Presiding Officer.	Accepted
Tilesetter	Recommended trade regulation with no substantive changes.	Accepted
Transport Refrigeration Mechanic	Recommended trade regulation with no substantive changes.	Accepted
Water Well Driller	Recommended appointment of Presiding Officer.	Accepted
	Recommended trade regulation with a change in acceptable work experience hours.	Accepted
Welder	Recommended trade regulation with a change in required hours for each period.	Accepted
